

COMPLIANCE MANUAL

Compliance Manual

A. Introduction:

1. We present to you this compliance manual (“**Manual**”) detailing the compliances to be complied with by ‘**start-ups**’ / **other entities** of India. The concept of startups was introduced, after the launch of ‘Start-up India Initiative’ in January 2016, to boost entrepreneurship and encourage job creation. Start-ups are regulated by the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry. DPIIT was initially established in the year 1995 as the ‘Department of Industrial Policy & Promotion (DIPP)’ and thereafter renamed in 2019.
2. A start-up is an entity:
 - i) if it is incorporated as a **private limited company** or registered as a **partnership firm** or a **limited liability partnership** in India,
 - ii) up to a period of ten (10) years from the date of incorporation or registration,
 - iii) turnover of the entity for any of the financial years since incorporation or registration has not exceeded one hundred (100) crore rupees.

For the sake of clarity, an entity formed by splitting up or reconstruction of an existing business shall not be considered as a ‘start-up’. Further, start-ups that are valued at USD 1 Billion and are privately owned and not listed on the share market are termed as ‘unicorns’.

The following are the critical guidelines that have been issued by DPIIT in order to determine whether an entity will be considered as a start-up or not:

- i) Resultant entity or entities formed due to merger, demerger, acquisition, amalgamation, absorption will not be recognised as start-ups. However, merger or amalgamation under Section 233 of the Companies Act, 2013 between any of the following class of companies shall be allowed subject to the fulfilment of norms of DPIIT Notification by the resultant company:
 - (a) Two or more start-up companies, or
 - (b) One or more start-up company with one or more small company.
- ii) Entities formed due to compromise or arrangement as provided under the Companies Act, 2013 shall not be recognized as a start-up,
- iii) Conversion of an entity from one form to another shall not be a bar for availing recognition subject to the fulfilment of condition provided in sub-section (3) of the Section 80-IAC of the Income Tax, 1961,
- iv) Holding and subsidiary companies shall not be permitted for recognition. Further, any start-up becoming a holding or subsidiary of any company after recognition shall be derecognised;
 - (a) Any entity formed by a joint venture shall not be recognised. Further, any start-up entering into any joint venture shall be derecognised,
 - (b) Entities incorporated outside India shall be ineligible for recognition, and

- (c) Shareholding by Indian promoters in the start-up shall be at least 51% as per Companies Act, 2013 and Securities Exchange Board of India (ICDR) Regulations, 2018.
- v) Recognition of an entity having common director or designated partner or partner with any other entity shall be allowed to the extent permissible under the provisions of the Companies Act, 2013. The related party transaction shall not be allowed except transactions on arm's length basis.
- vi) A sole proprietorship shall not be eligible to apply for recognition. If a sole proprietorship changes its type of entity into a type permissible for recognition, then the recognition shall be granted from the date of commencement of business of the sole proprietorship.
